i-Vantage is a Leading Integrated Captive Center Solutions Company. We help companies set-up, establish and operate global technology and BPO competence centers. Through our proprietary "Global Inserve" model, we make setting up global competency seamless.

Offshore does not have to necessarily mean Outsource.

Promoted by a 150 million USD revenue group, we have a sharp focus in setting up India based captive center area since 2000. We use our knowledge, expertise and intellectual property to enable companies to build technology development/QA centers, back office operations, research groups and call centers.

We have been retained by large Fortune 500 companies as well as by smaller software companies. In all more than 20 companies have used i-Vantage over the past 5 years to:

- Determine Feasibility of In Sourcing from a captive center at an Offshore location and locational analysis.
- Incubating and working with a "Virtual Team" for better control and results.
- Creating a Captive Entity with minimal upfront investments by using Shared Infrastructure and Functional Management Support.
- Rapid Scaling up of Operations through Facilities Build Out and Staffing Solutions
- Ongoing Skills support through contract staffing.

i-Vantage has helped companies save 30-40% over and above the saving from an outsourced offshore operation, besides giving them complete control and visibility in their offshore operations.
